8 AM ~ 5 PM

Street Closures for Resurfacing

Alpha Paving Industries has been contracted by the City of Horseshoe Bay to perform resurfacing of the streets using an environmentally friendly, pavement sealer on your street. Our process involves application of several coats of a liquid asphalt mixture, which is wet when first applied, and must cure/dry before being driven on. This will be a 2 DAY process that will involve closing the entire street from 8:00 AM to 5:00 PM both days.

This work will be done per the color coded schedule as shown. Please **DO NOT PARK** on your street FROM 8:00 AM to 5:00 PM on your scheduled dates to prevent your vehicle from being **TOWED**.

Access IN AND OUT of your driveway **WILL BE LIMITED**. If you need to leave your home after 8:00 AM, please move your car earlier to another street color that is not being resurfaced that day. Otherwise you may not be able to get out of your driveway due to the wet material.

ADDITIONAL NOTES

- Please do not drive on the fresh new surface until the traffic control signs, cones and barricades have been removed.
- The sealer **WILL STAIN** shoes, clothing, carpet, vehicles, sidewalks, and driveways.
- Please keep your pets / children indoors during this day.
- Please turn off sprinklers during both work days. Water could damage the new surface and impede the drying process.
- Please note that you may see slight tire marks on concrete driveways for the first few weeks after work is done but please know that this is normal and will go away in 30 days.

CITY OF HORSESHOE BAY

October 1, 2014

Dear HSB Resident,

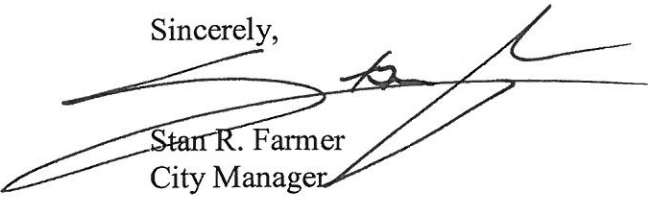

As part of the City's normal street maintenance program regarding streets upgraded and asphalted in 2011, we recently have hired Alpha Paving LLC to seal coat/resurface the streets in the Fairways Subdivision starting October 31, 2014. This process will help protect and lengthen the life of the asphalt streets. A few minor sub-grade failures will be repaired prior to this resurfacing.

On the reverse side of this letter is a detailed schedule of street closures during this six day exercise. During any of the specific two-day street closures you will be able to drive on the surface before 8AM and after 5PM those days.

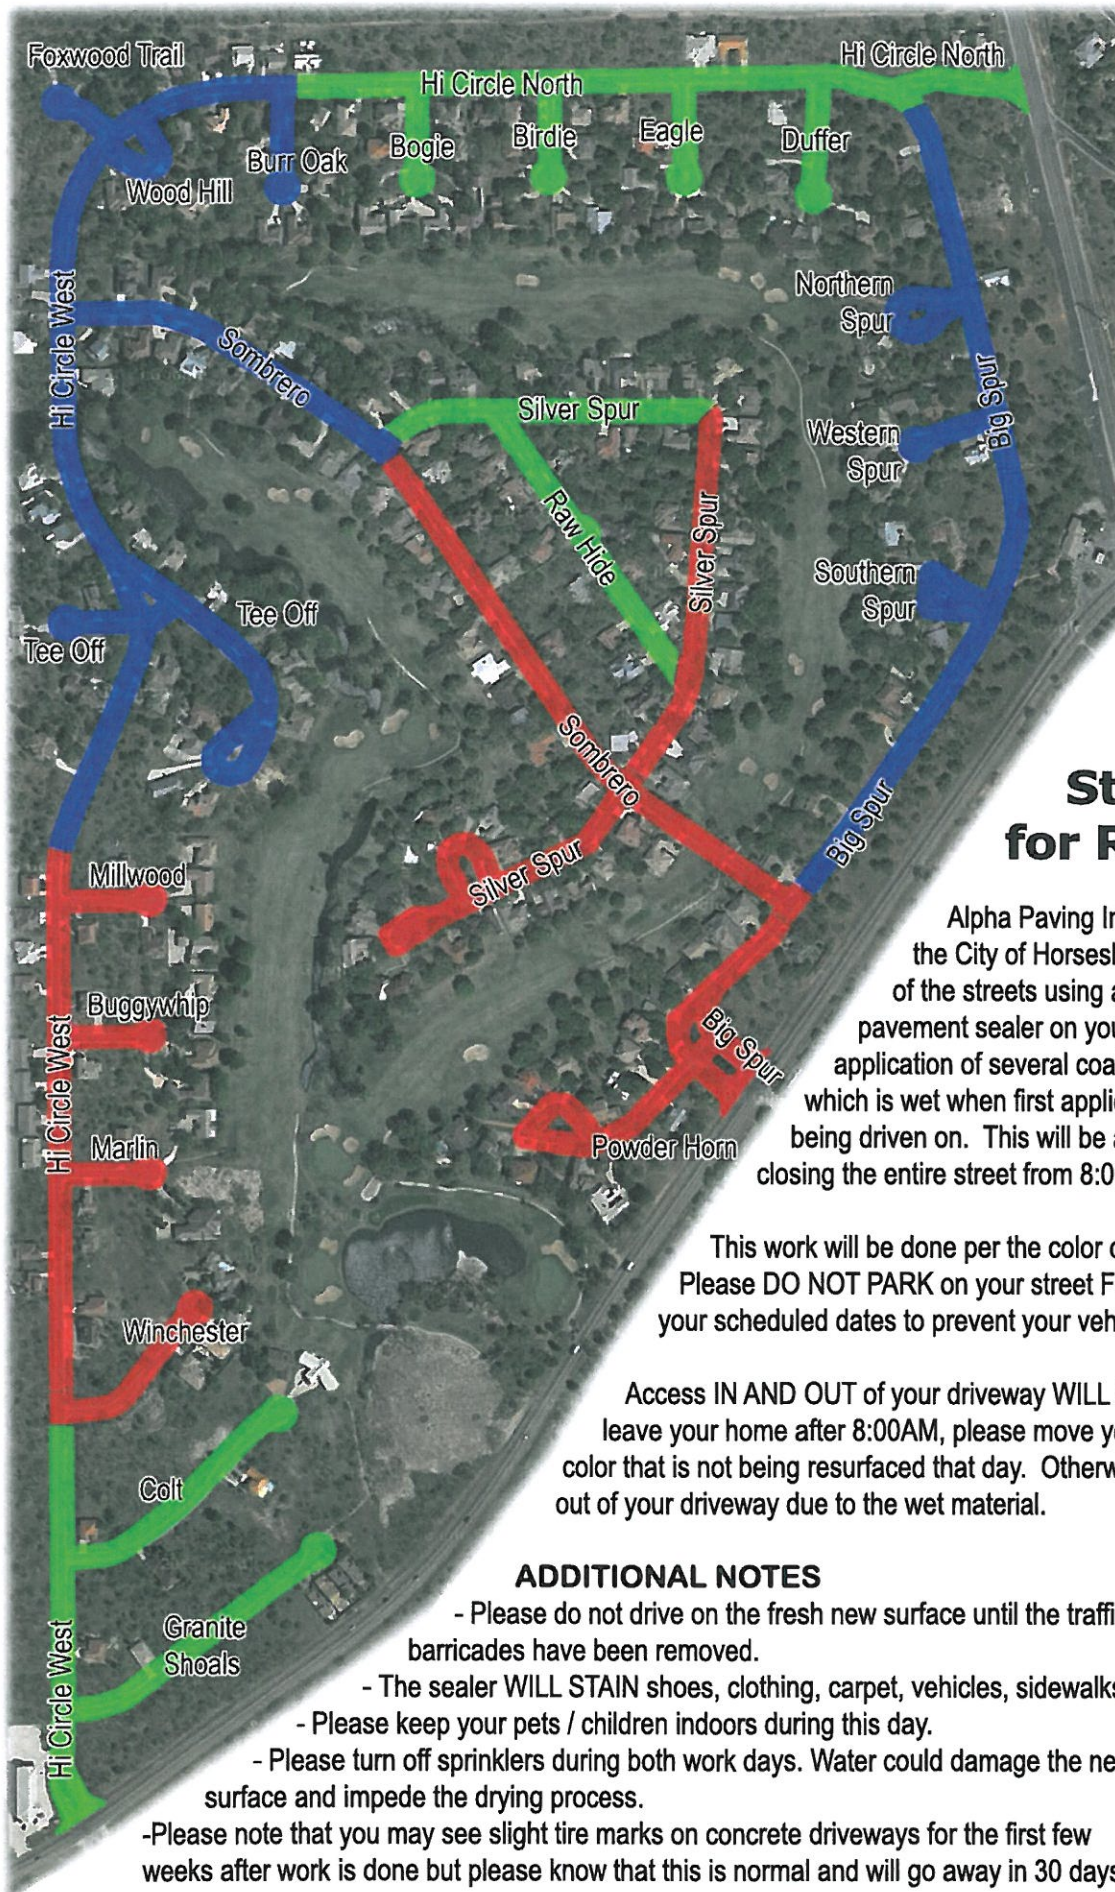

Please be patient during this process and we will be in touch again in October when we get closer to commencing the seal coating. Please reschedule any deliveries or lawn maintenance during these six days. As usual, cold weather or rain can affect the proposed schedule.

If you have any question please call Tim Foran at 512.656.1844.

Sincerely,

Stan R. Farmer
City Manager

CITY OF HORSESHOE BAY

October 9, 2014

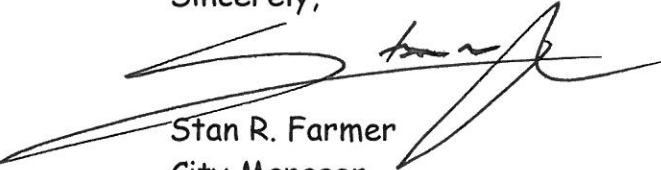

Dear Fairway Residents,

Due to the Seal Coat Project coming soon to the Fairways Subdivision, we are changing your trash day from Monday, November 3, to Saturday, November 1 at 7:30AM (this is a onetime change only). We are trying to make a huge effort to keep this project as small an inconvenience to you and the residents of the Fairways as possible. We truly appreciate your cooperation during this time.

Again, thank you for your patience during this process and we will do all we can to keep you up to date on any changes as they come about. Per the letter we recently mailed to all Fairways residents this project will start Friday, October 31 and resume Monday, November 3 through Friday, November 7.

If you have any concerns or questions please call the City's Project Manager, Tim Foran, 512-656-1844.

Sincerely,

Stan R. Farmer
City Manager
